^{*}Question asked only to those who have been told by a doctor that they have diabetes.

[#]Use caution in interpreting data for total respondents less than 50. N = Cell Size, NH = Non-Hispanic, %

SAS Output Page 2 of 2

= Percentage, C.I.(95%) = Confidence Interval (at 95 percent probability level).

Percentages are weighted to population characteristics.

Unless stated differently above, Missing, 'Don't know', and Refused responses are excluded.
